The points in the following legend correspond to the numbers on the attached sketch of Gliwice /5017N-1840E/. The bridges over canals, indicated by "X" on the sketch, were mostly of concrete construction and consisted of a single arch supported on each side of the area spanned. One or two were steel bridges. The areas marked on the sketch with question marks (?) are locations of factories.

#11 Wire Factory (Fabryka Drutu):

the sign over the gate represented this area as a wire factory.

standing out-
side were large wooden spools around which were wound insulated cables
about three-quarters of an inch in diameter. these were
electric cables.The entire area was
about 100 m. wide and 500 m. long. There was a brick wall on three
sides and a wood fence on the fourth side.
